## IAPMO R&T Product Listing

IAPMO Research and Testing, Inc. is a product certification body in which the product certification system includes inspection and testing of samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and/or warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the certification rules and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

This IAPMO R&T Listing is current as of 10/28/2020

Product: Drinking Water Treatment Unit - Aerobika Efficient

File No. B-14189

### Certification: Product shall bear:

- The certified company name.
- The model number or trade designation.
- The appropriate certification mark.

Product markings may be permanently filed on the system or may be included as part of product literature or packaging.

Characteristics: point-of-use and point-of-entry systems intended to reduce substances affecting the aesthetic quality of the water or to add chemicals for water control, or both.

Certification demonstrates that all materials safety and structural integrity (as applicable) requirements have been met.

To be installed in accordance with the manufacturer's installation instructions and the requirements of the latest edition of the uniform plumbing code.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.

Products are certified to the following standard(s):

NSF/ANSI 62-2002

Products	Drinking Water Treatment Units - Emerging Contaminant/Incidental Contaminants	File No. W-14111

**Identifications:** Product shall bear:

The certified company name.

The model number or trade designation.

The appropriate certification mark.

Product markings may be permanently filed on the system, or may be included as part of product literature or packaging.

**Characteristics:**The point-of-use and point-of-entry systems covered by this Standard are designed to be used for the reduction of specific substances that may be present in drinking water (public or private) considered to be microbiologically safe and of known quality.

Certification demonstrates that all materials safety and structural integrity (as applicable) requirements have been met.

to be used in accordance with the manufacturer's instructions.

Products listed on this certification have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.

Products are certified to the following standard(s):

NSF/ANSI 601-2010

identification must be repeated. If a certification was issued, it shall include:

- The certified company name.
- The model number or trade designation.
- The approximate certification year.

The product may also be sold under "Lead Free" or "Low Lead" where an is close proximity to the manufacturing plant.

Product markings may be permanently fixed on the system or may be included as part of product literature or packaging.

Characteristics: Products may include any pipe, pipe fitting, valves, flans, or other gasketing products providing water for human consumption. Products listed below are to be installed in accordance with the manufacturer's instructions. These products have been verified with weighted average lead content not greater than 0.01% lead and 0.01% cadmium.

Products listed on this certificate have been tested by an ILMDI ACP recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ILMDI ACP.

Readings are provided in the following standard format:

Section 5117(d) of the Safe Drinking Water Act (the lead content requirements of Section 1417(d) of the California Health & Safety Code 115174.002 372-5403
